Bridge Curriculum

Exciting news! Feedback from the first parents using the new Bridge Curriculum supplement to the HIPPY US curriculum is coming in, and the response has been fantastic. One parent shared, "We loved learning about Australia and New Zealand. The outdoor activities were what my son enjoyed the most!" The Bridge Curriculum offers engaging content from HIPPY programs in other countries and new project-based activities designed to enhance the HIPPY experience, and we encourage all sites to start incorporating it. It's a perfect way to bridge the time between curriculum age groups or keep families engaged during breaks while enriching learning and creating lasting memories!

Note: When registering for the conference, the Coordinator and Non-Coordinator bundles include: Conference Registration, Avima Gala, and Fun Night
